Rescue Vehicle for Park

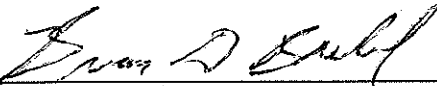

Quote expires on March 24, 2022. Doug met with the chief and Joe from the City regarding the vehicle. The vehicle needs to meet park construction trail requirements. It would be stored at the City until a building was built on park property. Jason wants to know if it would require sirens, etc. Doug is scheduled for another meeting with Joe from the City but at this time feels the township should hold off on purchasing until construction of park is further along. Rachna motions to hold off on purchasing. Brian seconds.
